Respected Sir / Madam,

This is regarding patient **Ms. Aarti Sanjay Bijore** age 18 year old female, R/O Umardhed Dist Yawatmal, Maharashtra. She is suffering from both kidney failures. Doctor suggested her kidney transplantation surgery, her father giving her one kidney. All legal documents are completed and permission for transplant also received.

The approximate cost for her kidney transplantation would be as follows

Kidney transplant package	= 3, 50, 000
Imported medicines for induction	= 2, 00,000/-
Total	= 5, 50,000/-

(Rupees five lack and fifty thousand only).

The package includes doctors and surgeons charges, hospital stay, anesthesia charges, and operation theatre and hospital charges for donor and recipient.

Patient's family is in financial stress and now patient is in need of above mentioned funds.

Here we request you to kindly consider her as beneficiary of your well-known foundation.

We hope your positive reverts.

Yours sincerely
