

**CASE NO. 117**

**YOUR SUPPORT WILL HELP BABY SHREYA BHUVAD WHO IS SUFFERING  
FROM A CONGENITAL HEART DEFECT AND NEEDS TO URGENTLY UNDERGO  
AN OPEN HEART SURGERY**

**Name:** Baby Shreya Bhuvad  
**Age:** 4 years old  
**Gender:** Female

**Case History:** Baby Shreya Bhuvad is a 4 year old baby girl suffering from congenital heart disease (Ostium Secundum Atrial Septal Defect (ASD)-left to right shunt). *(It is a type of congenital heart defect called ASD. An ASD is a hole in the wall (septum) between the two upper chambers of the heart (the atria). Normally, the right side of the heart pumps oxygen-poor blood to the lungs, while the left side pumps oxygen-rich blood to the body. An ASD allows blood from both sides to mix, causing the heart to work less efficiently. A small hole may not cause any symptoms or problems but a larger hole can eventually cause symptoms such as shortness of breath, respiratory infections, fainting, irregular heart rhythms or fatigue after mild activity).* Due to their financial condition they had been going door to door for financial support for the last three years and hence could not operate Baby Shreya Bhuvad. Her health started deteriorating day by day and they took her to Dr. Balabhai Nanavati Super Speciality Hospital. Doctors informed them that she requires an urgent Open Heart Surgery as early as possible.

**Family Background:** Her father works as a labourer in a shop in Mumbai, Maharashtra and her mother is a house wife. Her father earns only Rs. 6000/- per month. Since the entire family and his parents are dependent on him, he naturally is not in a position to bear the cost of the treatment of Baby Shreya Bhuvad.

**Appeal to the Donors:** We therefore, sincerely appeal to the donors like **YOU** to come forward and extend your full support to enable us to treat Baby Shreya Bhuvad. Please join hands in our mission for this cause of saving the precious life of Baby Shreya Bhuvad and donate generously for her surgery. Your contribution is very valuable to enable the child to survive. The approximate cost for the operation of Baby Shreya Bhuvad is **Rs. 1,90,000/-** for an Open Heart Surgery. We appeal to **YOU** to save the life of Baby Shreya Bhuvad by sending your contribution by Cheque/DD/Online in the name of Abhilasha Foundation at the address given below.

Abhilasha Foundation is registered under The Bombay Public Trust Act 1950 F-58645(M). Your donation is entitled for exemption under 80G of Income Tax Act. 1961 (CIT(E)BC/80G/593(2014-15).
